

**Pilgrim Terrace Community Garden  
Rules & Agreements  
Effective October 2023**

**I. INTRODUCTION**

Pilgrim Terrace is a private, not-for-profit organization that operates an Urban Farm and Community Gardens in Santa Barbara. The goal of Pilgrim Terrace is to provide a safe and attractive environment for persons desiring a place to grow edible produce. Rules & Agreements are intended to maintain a neat and productive garden and provide a pleasant atmosphere for all persons in the garden. This document is an agreement between all members and Pilgrim Terrace.

**II. GARDEN PURPOSE**

The garden plots at Pilgrim Terrace are to be Organic Kitchen Vegetable Gardens, not ornamental, decorative, meditation, flower or income gardens. "Organic" requires only certified organic fertilizers and insecticides, etc., can be utilized throughout the entire community garden. This is not an extension of your backyard, patio, flowerbed or home garden. The primary factor that distinguishes a kitchen vegetable garden from other types of gardens is that the vegetable plants are specifically selected, planted and grown for eating. Flowers planted in the garden are for the beneficial properties that they can contribute to the gardens (e.g., flowers attract bees for pollination and beneficial insects to combat undesirable pests).
